# Frequently Asked Questions

Find answers to common questions about our services

Search for questions or keywords...

All Questions | Booking & Payment | Cancellation & Refunds | Check-in & Boarding | Baggage | Special Serv

## How can I book a flight on your website?

Booking & Payment

Booking a flight on our website is easy! Start by entering your departure city, destination, travel dates, and number of passengers in the search form. Browse the available flights, select your preferred option, and proceed to checkout. You can pay using credit/debit cards, net banking, or digital wallets. Once payment is complete, you'll receive a confirmation email with your e-ticket.

## What is your cancellation policy?

Cancellation & Refunds

Our cancellation policy depends on the fare type you've booked. For refundable fares, cancellations made at least 24 hours before departure incur a fee of ₹3,000 per passenger for domestic flights and ₹5,000 for international flights. Non-refundable fares allow cancellation with only taxes refunded. Cancellations within 24 hours of departure may result in higher fees. You can view the specific policy for your booking in the fare rules section of your booking confirmation.

## How do I check in for my flight?

Check-in & Boarding

You can check in for your flight in several ways: (1) Web Check-in: Available from 48 hours to 2 hours before departure on our website or mobile app. (2) Airport Kiosk: Self-service kiosks are available at the airport. (3) Check-in Counter: Traditional check-in counters open 3 hours before departure for domestic flights and 4 hours for international flights. For domestic flights, counters close 45 minutes before departure, and for international flights, they close 60 minutes before departure. We recommend web check-in to save time at the airport.

## What is the baggage allowance for domestic and international flights?

Baggage

For domestic flights, the free check-in baggage allowance is 15kg in Economy and 25kg in Business Class. Hand baggage is limited to 7kg per passenger. For international flights, the allowance varies by destination: (1) Asia & Middle East: 25kg in Economy, 35kg in Business. (2) Europe & Americas: 30kg in Economy, 40kg in Business. Hand baggage remains 7kg for all international routes. Excess baggage charges apply for baggage exceeding these limits. For detailed information, please visit our Baggage Information page.

## How can I select or change my seat?

Booking & Payment
